## **LPPD Investigators stay on the case, another car burglar exposed, and active arrest warrant exists**

*01-17-2013*

**Jerry Ramirez**

June of 2012 was no picnic for a family returning from their final vacation dinner, only to discover that their vehicle had been burglarized while in a parking lot within the 2600 block of La Porte's Underwood Road. Nevertheless, responding La Porte patrolman were thorough in conducting their initial investigation of the vehicle, uncovering several sets of fingerprints and a blood sample left behind by a possible suspect. The combined submission of the blood evidence to the FBI's Combined DNA Index System (CODIS) and relentless follow-up work by LPPD's detectives, soon after led to the identification of 31 year-old Jerry Edward Ramirez of Houston.

Because this particular offense wasn't Ramirez' first occasion to break into a parked vehicle, the Harris County District Attorney's Office has declared he will face felony-level Burglary charges and be imprisoned for a time to be determined at his later trial. For now, an active warrant has been issued for Ramirez' arrest. Therefore, LPPD asks that citizens report any sightings of Ramirez, or any knowledge of his whereabouts, by calling 281-842-3173.
